Antimicrobial Waterproof Pillow Protector

CleanRest PRO MAX pillow encasements offer waterproof protection on both sides, antimicrobial treated fabric to kill bacteria on contact, are 2x more breathable than competitor brands and the vented ends to allow airflow for a cool, comfortable and quiet sleep experience. Our pillow encasements serve as a barrier against allergens and dust mites, are machine washable at high temperatures, available in premium optic white fabric, enhanced for durability with an industry leading 10-year warranty.

10 Year Warranty
